

Republic of the Philippines
OFFICE OF THE MUNICIPAL MAYOR
Hagonoy, Davao del Sur

FOREWORD

This current administration is committed to transform Hagonoy into an Agro-Industrial and Eco-Tourism municipality that can compete with the best municipalities in the whole country. We had introduced better schemes and progressive reforms through the updating of necessary tools that will invent and reinvent income generating endeavors. Importantly, we are engaging the strong support of barangay governments, private sector and the citizenry in the implementation of the revised Municipal Revenue Code. For what the government's income can generate can be spent back to the Hagonoyans with the wider accessibility to basic government services.

The Municipal Revenue Code covering the period 2017 – 2021 is an appropriate instrument that will speed-up our reforms and attunes to one of our top priority framework and administration's flagship programs which are :

1. Local Economic Development
2. Agricultural Productivity and Profitability
3. Zeroing on Crime and Corruption
4. Access to Basic Government Services

This includes the efforts of the LGU on the enhancement of Business Permits and Licensing System (BPLS) ; 72 – hours business processing ; 3 steps system and intensifying our adoption to automation/computerization program. The flagship program of government is a guide of the present administration of the various plans and projects to implement to ensure the efficiency of public service delivery with available facilities.

As I said on the first day of government service , this administration will exert actions as the beginning of small but certain steps towards our envisioned agro-industrial municipality. With the introduction of these reforms we expect some challenges because often the local government initiates reforms there maybe expected resistance. We should challenge the status quo and eliminate leakages and wasteful spending.

It is hoped therefore that this revenue code shall be effectively utilized in order to attain a progressive and healthy locality.

MBA

CONRADO E. LAZA MM,
Municipal Mayor

ACKNOWLEDGMENT

We express our heartfelt gratitude to several persons who have selflessly endeavored and prepared in the Updating of the Municipal Revenue Code covering the period from 2017–2021.

- The Bureau of Local Government Finance for the technical assistance extended as training facilitators and consultants
- The members of the Sangguniang Bayan headed by the Hon. Vice Mayor Franco M. Calida for the review and appropriate actions on the document.
- The Hon. Municipal Mayor Conrado E. Laza MM, MBA , for his encouragement and support.
- The Technical Working Group whose dedication to finalize this document.

Above all, the Divine Providence of the Father Almighty for his guidance and blessings.

The Technical Group
